

**JINDAL INSTITUTE OF
BEHAVIOURAL SCIENCES**

Ph.D. @ JIBS

Established in 2014 **Jindal Institute of Behavioural Sciences** is a value based research institute of O.P. Jindal Global University which is dedicated to understanding, developing and applying human process competencies through continuous experimentation, research and learning related to applied and experimental behavioral science focusing on broad areas like social sciences, mental health, competency mapping, neurosciences, neural decision sciences, cognitive sciences, psychobiology management sciences, forensic sciences, social psychology, criminal behaviors etc. JIBS is committed to continuously expand its interdisciplinary and collaborative research in areas including behavioural sciences, law, forensics, policy making and other disciplines.

The vibrant Ph.D. programme at JIBS brings together researchers representing diverse interest areas including but not limited to psychology, criminology, victimology, behavioural finance, and human resource management, among others. Ph.D. candidates at JIBS come from many different backgrounds and regions, thus bringing along an intellectual and cultural richness and diversity to the research community.

WHY BE A PART OF THE JIBS DOCTORAL RESEARCH COMMUNITY?
