

JSAA -STUDENT COUNCIL TESTIMONIALS – 2020-2021

PRESIDENT

“Hey, I’m Namrata Menon ([@n.amrata](#))and I’m the president of the JSAA student council. I am a second-year student of the B.arch programme and some of my hobbies include singing, baking, and oversharing on the internet. Over the course of my tenure, I intend to work towards developing a strong identity for JSAA within JGU, through collaborations with other societies and schools, creating a platform to showcase student work and building networking opportunities for students through guest lectures and workshops. Some additional objectives I had stepping into the position were building an archive of student work and resources, and creation of a safe space within JSAA to promote mental health awareness. I am grateful for the incredible support our council has received from the student body and I look forward to the rest of our tenure.”

VICE PRESIDENT

“Hi, I am Varnika Dalmia ([@varnika.Dalmia](#)), your Vice President. Having spent almost 2 years in JSAA, I have gradually understood the needs of the student body. Apart from listening to Taylor Swift while meeting upcoming deadlines, I tend to offer advice about anything under the sun. I wish to implement a mechanism wherein we can constantly put forward student concerns. Over the course of my tenure, I wish to ensure that every student gets a platform to express their work, ideas and talents. My other objectives are to maintain transparency and collating student data which would essentially benefit the future students.

The switch from offline to online semester called for adjustments and for issues to be addressed in a timely fashion. I promise to uphold my due responsibilities and ensure accountability within the council to the best of my abilities.”

GENERAL SECRETARY

“Hello! My name is Pranav Mansanpally (@pranavthe8) I am the General Secretary of Jindal School of Arts and Architecture. Experiences are odd, like I have experience in burning prawns but also making great Biryani and of course arguing with everyone who has something to say about Hyderabad food. But experiences are really experiencing only if you derive something from them, and fortunately PCM (Science) taught me to be rather good at deriving things. Being a first-year architecture student who has not even been to campus I have not had many experiences with regards to the University, but I will always make sure to fill my shoes and create effective bridges of communication between the Student Body, Council and Administration. Trust me when I say that I will put in hard work in my tasks as I do in every workout session and devour every experience the role offers me like I devour Shawarma on all of my Cheat days. Looking forward to my tenure!!”

CULTURAL SECRETARY

“Hi there! I’m Kiran (@ kir1003)

I’m in the first year of the B. Des programme in Jindal School of Arts and Architecture. I was born and brought up in Delhi. I absolutely love all forms of arts, be it dancing or painting. Besides, I’m a big foodie (feel free to hit me for the best places to eat in Delhi)

As the elected Cultural Secretary of JSAA, I want to bring forward the hidden talent of JSAA. Besides, I look forward to building a better identity for JSAA within and beyond JGU, with the help of the Administration and Student Body and as I have always said, I envision JSAA not just as a school but as a big happy family!”

TREASURER

“Hey, I’m Aditya Singh (@instaadityaa) and I’m the Treasurer for the JSAA Student Council! I’m a second-year architecture student, and I spend most of my time on the internet. As a part of the student council, I believe that I play an important role in representing JSAA, it’s students, and what we stand for. In my capacity as the Treasurer, I wish to ensure that there is a proper system in place regarding financial matters for the student body. Additionally, by working with Peer Support Committee, I wish to support the student body through various necessary means. Thank you for supporting the student council and I hope that you are staying safe!”
