# JGU | O.P. JINDAL GLOBAL UNIVERSITY

O.P. Jindal Global University (JGU) is a non-profit global university established by the Government of Haryana and recognised by the University Grants Commission (UGC). JGU was established as a philanthropic initiative of its Founding Chancellor, Mr. Naveen Jindal in memory of his father, Mr. O.P. Jindal. JGU is one of the few universities in Asia that maintains a 1:9 faculty-student ratio and appoints faculty members from India and different parts of the world with outstanding academic qualifications and experience. JGU is a research intensive university, which is deeply committed to its core institutional values of interdisciplinary and innovative pedagogy; pluralism and rigorous scholarship; and globalism and international engagement.

JGU has established nine schools: Jindal Global Law School (JGLS); Jindal Global Business School (JGBS); Jindal School of International Affairs (JSIA); Jindal School of Government and Public Policy (JSGP); Jindal School of Liberal Arts & Humanities (JSLH); Jindal School of Journalism & Communication (JSJC); Jindal School of Art & Architecture (JSAA); Jindal School of Banking & Finance (JSBF) and most recently, the Jindal School of Environment & Sustainability (JSES). JGU has been granted with "Autonomy" by the University Grants Commission and the Ministry of Human Resource Development, Government of India, for receiving the "A" Grade from the National Assessment and Accreditation Council (NAAC). This makes JGU the only private university in the state of Haryana and one of the only two private universities in India to be given the status of autonomy.

JGU has made history by breaking into the QS World University Rankings 2020 Edition. We are also the only Indian private university in the top 150 'young' universities in the world (under 50 years of age) in the QS Young University Rankings 2020. JGU is the youngest University in the world to feature in both these rankings. In September 2019, JGU was selected as an 'Institution of Eminence' (IOE) by the Government of India, making JGU one of only eight private universities in India to be awarded this status.

JGU was ranked in the top 700 universities in the world in the QS World University Rankings 2021 Edition, making it India's No.1 Private University and India's No.1 University dedicated to the Social Sciences, Arts and Humanities."

## JINDAL SCHOOL OF INTERNATIONAL AFFAIRS | JSIA

Jindal School of International Affairs (JSIA) is India's first global policy school. JSIA has been offering a 2-year Master's degree in Diplomacy, Law and Business - M.A. (DLB) since 2011. It has been offering a Ph.D. in International Affairs since 1 August 2016. The B.A. (Hons.) Global Affairs programme was launched in the Academic Year 2015-16. It has been designed as India's first ever interdisciplinary undergraduate degree to train students for international careers through basic learning in world affairs. JSIA has now opened admissions to the B.A. (Hons.) Global Affairs programme for the academic year 2020-21 (classes will commence on 1 August 2020).

## DR. SREERAM SUNDAR CHAULIA

### Professor & Dean,

Jindal School of International Affairs (JSIA)

*B.A. Hons. (Delhi), B.A. (Oxford), M.Sc. (LSE),  
M.A. & Ph.D. (Syracuse)*

JSIA's main objective is to generate and spread interdisciplinary social science knowledge that informs current and future international policymaking, via rigorous academic training of qualified graduate students. This dovetails with JGU's overall institutional goal of becoming a knowledge storehouse in the social sciences, which have been long played second fiddle to the hard sciences in Indian academia.

Although the need for building a world class school as a game changer in international studies education in India has been expressed in many quarters, no university has yet walked the talk by creating one. As JGU's third School— following the Jindal Global Law School (JGLS) and the Jindal Global Business School (JGBS) – JSIA aims to act as a corrective to the sliding standards of research in international studies departments and programmes across India.

By attracting internationally qualified faculty members and pooling together minds from a number of inter-related academic disciplines under a single School, JSIA is positioning itself as a producer of knowledge and shaper of careers in international affairs.

International studies in India require a quantum leap in terms of in-depth thematic and geographic understanding of world issues. JSIA's cutting-edge research and publications agenda and collaborations with international academic and policy institutions are meant to generate continuous scholarly output on hitherto neglected issue areas that comprise the fast expanding realm of 'global policy studies'.

India's voice on global issues must be strengthened via concrete policy contributions to outstanding world problems. JSIA will be nucleus of this historic agenda.

► *The increasing interconnectedness of international phenomena due to greater density of cross border contact and exchanges is rendering the practical and academic use of single-disciplined and methodologically incomplete studies obsolete. A school that combines the essences of International Relations, International Law and International Business is a necessity of our globalized times because of the density and thickness of international problems.*

*The Jindal School of International Affairs (JSIA) aims to provide students most up-to-date education and enhance Indian and international capacities of analysing and solving world problems. It intends to strengthen the intellectual basis for planning India's march to great power status as a responsible member of the international community with its own trademark vision for global governance and stable world order.*

# WHY JSIA

## SIX REASONS TO STUDY B.A. (HONS) GLOBAL AFFAIRS

- 01** To acquire a holistic understanding of international political theory and greater understanding of international affairs.
- 02** To develop a specialized field of knowledge by choosing one of the several available fields of knowledge tracks.
- 03** To develop an in-depth understanding of a region by opting for various study abroad programmes available with top ranking educational institutions across the globe.
- 04** To apply systematic methodological research and analysis, and historically contextualize contemporary global events.
- 05** To develop the ability to think, work, study and conduct research independently.
- 06** To develop a wide range of intellectual, practical and language skills which will enable programme graduates to consider a wide range of post-graduation employment options.

## PROGRAMME MODALITIES

- The B.A. (Hons.) (Global Affairs) is a 3-year programme. It is an on-campus residential, full-time, five-day-a-week degree programme. Students graduate with B.A. (Hons.) (G.A.) at the end of 3 years.
- Foreign Language training is an essential requirement for residential programme and language classes are offered throughout the duration of the programme. Students have the option of choosing from among Spanish, Italian, German, French, Mandarin, Persian/Dari and Arabic.
- Optional Fourth Year: Students can opt to continue in JSIA after graduation to study the Masters in Diplomacy, Law and Business and to become eligible to apply to American Universities for a Master's degree.

## STUDY PLAN

**Year-1** During the first year of coursework, emphasis is on making sure that students acquire strong foundations in the social sciences. They will read the classic texts in Philosophy, focus on key concepts in Economics, and review the main outlines of global politics in History. Most importantly, they will rigorously practice expressing themselves both in writing and in speech to learn how to effectively communicate their ideas.

**Year-2** In the second year, JSIA's faculty will begin pushing students to develop solid research and analytical skills so that they can begin to take control over their own learning. The faculty would like them to find something that they are passionate about and become a specialist on it. Students' increasingly advanced coursework will help as they start examining how politics plays out in specific regions of the world. They will also be moving from the general to the more specific as they enter into new sub-disciplines like Foreign Policy Analysis, Conflict Studies, and Development Studies.

**Year-3** By the third year, students will deeply immerse themselves in the nitty gritty of contemporary global politics. How do individual international organizations work? How do diplomats operate on a day-to-day basis? Are changes in military technology fundamentally reshaping the global balance of power? Under what circumstances is international trade a benefit to societies? What is the role of media in today's networked world? The coursework at JSIA can be supplemented with an international exchange in a different part of the world, which will give you first-hand experience with the world's diversity.
