

O.P. Jindal Global University
A Private University Promoting Public Service

Jindal School of International Affairs
India's First Global Policy School

A Career Director mentors students and assists JSIA students with internships and placement opportunities in organizations like United Nations system, diplomatic missions, media groups, think tanks, financial institutions, not-for-profit organizations, regional, semi-government and non-governmental organizations.

The curriculum of B.A. (Hons.) Global Affairs a, B.A. (Hons.) Political Science and M.A. Diplomacy, Law and Business programmes includes mandatory guided internships that prepare students for careers with multiple opportunities in career streams like Peace and Conflict Resolution, International Justice, International Economic Development, Humanitarian Relief, Human Rights Advocacy, Political and Economic Risk Analysis etc. While pursuing a degree from JSIA, students will gain valuable analytical, communication and research skills. Having high quality writing and verbal articulation abilities will enable students to pursue careers in the abovementioned areas.

Our Two-year MA in Diplomacy, Law and business programme is intended to be neither a totally academic nor a fully vocational one. It stresses theoretical research but insists on relating it to empirically rich phenomena from the social world. Unlike mainstream MA programmes in International Relations, which are loaded in favour of theoretical research or 'professional' course work and internships, MA DLB strikes a balance between the two and requires students to be versed in both domains. A number of core and elective courses in this MA programme's curriculum have research essay assignments, which are expected to be at the frontier of ongoing scholarly debates and simultaneously accessible to policymakers in India and abroad.
