JGU | O.P. JINDAL GLOBAL UNIVERSITY

O.P. Jindal Global University (JGU) is a non-profit global university established by the Government of Haryana and recognised by the University Grants Commission (UGC). JGU was established as a philanthropic initiative of its Founding Chancellor, Mr. Naveen Jindal, in memory of his father, Mr. O.P. Jindal. JGU is one of the few universities in Asia that maintains a 1:9 faculty-student ratio and appoints faculty members from India and different parts of the world with outstanding academic qualifications and experience. JGU is a research intensive university, which is deeply committed to its core institutional values of interdisciplinary and innovative pedagogy; pluralism and rigorous scholarship; and globalism and international engagement.

JGU has established twelve schools: Jindal Global Law School (JGLS); Jindal Global Business School (JGBS); Jindal School of International Affairs (JSIA); Jindal School of Government and Public Policy (JSGP); Jindal School of Liberal Arts & Humanities (JSLH); Jindal School of Journalism & Communication (JSJC); Jindal School of Art & Architecture (JSAA); Jindal School of Banking & Finance (JSBF); Jindal School of Environment & Sustainability (JSES), Jindal School of Psychology & Counselling (JSPC), Jindal School of Languages and Literature (JSLL) and Jindal School of Public Health & Human Development (JSPH). JGU has been granted "Autonomy" by the University Grants Commission and the Ministry of Education, Government of India, for receiving the "A" Grade from the National Assessment and Accreditation Council (NAAC). This makes JGU the only private university in the state of Haryana and one of the only two private universities in India to be given the status of autonomy.

JGU has made history by breaking into the QS World University Rankings 2020 Edition. We are also the only Indian private university in the top 150 'young' universities in the world (under 50 years of age) in the QS Young University Rankings 2020. JGU is the youngest University in the world to feature in both these rankings. In September 2019, JGU was selected as an 'Institution of Eminence' (IOE) by the Government of India, making JGU one of only eight private universities in India to be awarded this status.

The Jindal Global Law School has ranked No.1 in India and under top 100 in the world in the subject category 'Law' in QS World University Ranking 2021.

ALTERNATIVE DISPUTE RESOLUTION

Alternative Dispute Resolution (ADR) has gained impetus in the latter half of the 20th century. Provisions in municipal laws, across jurisdictions, have enabled the courts to direct the parties to choose their preferred way of resolving disputes (given an express agreement or intention to do so). As such, it might be correct to state that adjudication by courts becomes an alternative to a dispute resolution system agreed by the parties. Dispute resolution clauses in bilateral agreements and private contracts have evolved to cater pre- and post-dispute settlement through arbitration, mediation, negotiation, or conciliation. To this end, the Singapore Convention or the recent codification of pre-litigation mediation, specifically in commercial matters, has created a demand for specialists in alternate modes of dispute resolution. Thus, the growing significance of various alternative dispute resolution mechanisms, in both commercial as well as non-commercial matters, is undeniable. This specialisation will provide the necessary skill sets to the students to meet the ever-growing demand for specialists in the ADR fraternity and contribute towards developing the jurisprudence in this field, as lawyers, adjudicators, or academics.

Class of LL.M. ▶ 2018-2019

CPGLS is a place full of diversity and inclusiveness. As an international student, I have received a lot of help from my teachers, faculties and classmates, so I can well integrate here. The most amazing thing was I met many famous experts here and I listened to a lot of lectures by them at close range. This greatly broadened my horizons. At class, professors not only taught legal knowledge, but also included the legal research methodology, the use of advanced software, writing skills, career development and other comprehensive education. These have benefited me for life.
