01 About O.P. JINDAL GLOBAL UNIVERSITY (JGU)

O.P. Jindal Global University (JGU) is a non-profit, multi-disciplinary and research oriented university founded in 2009. JGU was established as a philanthropic initiative of its Founding Chancellor, Mr. Naveen Jindal in memory of his father, Mr. O.P. Jindal.

JGU has 16,000+ students, 1100+ full-time faculty members, and 2900+ administrative staff in its fully residential campus. JGU's twelve schools focus on Law, Business & Management, International Affairs, Public Policy, Liberal Arts & Humanities, Journalism, Design & Architecture, Banking & Finance, Environment & Sustainability, Psychology & Counselling, Languages & Literature and Public Health & Human Development. Over the last decade, JGU has grown into an institution that brings full-time faculty from 50+ countries in the world, students from 160+ countries and has collaborated with 600+ leading institutions in 80+ countries which makes the learning experience truly international.

JGU is ranked Number 1 in the world with the highest overall score amongst all universities and awarded 'Gold' by the Times Higher Education (THE) Online Learning Rankings 2024. JGU has been ranked as India's Number 1 Private University for three years in a row by the prestigious QS World University Rankings 2023. JGU has been recognised among the Top 150 universities globally under the age of 50 years by the QS Young University Rankings. JGU has also been recognised in the Top 500 Universities as per the QS Graduate Employability Rankings 2022.

The Jindal Global Law School has retained its No. 1 rank in India for seven consecutive years and is ranked Top 35 globally for Law by the QS World University Rankings by Subject 2026. Furthermore, JGU holds the distinction of being India's top university for Politics & International Studies and is ranked Top 90 in the world. JGU also holds the position as India's top private university for Business & Management Studies (among Top 200 in the world), Social Sciences & Management (Ranked Top 232 in the world), Arts & Humanities (Ranked Top 323 in the world), Economics & Econometrics (among Top 500 in the world) as per the QS World University Rankings by Subject 2026. JGU is ranked No.1 University for Law and No.2 University for Psychology in India by the prestigious Times Higher Education (THE) World University Rankings by Subject 2026. In 2025, Jindal Global Business School (JGBS) was awarded the prestigious Association to Advance Collegiate Schools of Business (AACSB) International Accreditation — an accreditation earned by only 6% of business schools worldwide. In 2020, JGU was recognised as an 'Institution of Eminence' by the Ministry of Education, Government of India.

02 About JINDAL SCHOOL OF GOVERNMENT AND PUBLIC POLICY (JSGP)

Jindal School of Government and Public Policy (JSGP) is one of the twelve Schools in JGU. JSGP is engaging with the contemporary policy environment, which demands new imaginations, new methodologies and even a revitalised ethics. It aims to promote research that facilitates a better understanding of issues relating to governance and public policy. Through various programmes in public policy and economics that JSGP offers bear in mind the contribution that the faculty and the students can make towards meeting the challenges of governance and improving the efficiency of government in India and elsewhere while drawing upon comparative and international perspectives. JSGP's programmes are ideal for those seeking a career in public policy, government, or related fields and offer a unique blend of academic rigour and practical experience.

The faculty at JSGP engages in both theoretical and applied social science research to improve governance and public policy. The school uses a multidisciplinary pedagogy, combining academic knowledge from the social sciences, theoretical expertise, and practical experience to equip students with the ability to create, assimilate, and expand knowledge across disciplinary boundaries. JSGP students will become future leaders who can contribute to global discourses and public policy practices directed towards the well-being of people and the planet.

a. Message from THE DEAN AND THE VICE DEAN

R SUDARSHAN

Professor and Dean

NAVEEN JOSEPH THOMAS

Professor and Vice Dean

The Jindal School of Government and Public Policy (JSGP) was established in 2012. We have since been offering a Master of Arts degree in public policy (MA PP). Hitherto, public policy education was accessible only to mid-career officers serving governments. JSGP is gratified that many universities have followed the trail we blazed.

Our MA PP students come from diverse undergraduate backgrounds and are equipped with the knowledge, skills, and ethical grounding to navigate complex policy landscapes. Their training is holistic and interdisciplinary, integrating insights from economics, law, sociology, and politics to build a nuanced understanding of public policy challenges. Our transdisciplinary pedagogy, supported by the school's research centres, exposes students to advanced tools and analytical frameworks to generate new insights into complex policy problems. They gain substantial practical experience through internships, capstone projects, dissertations, and field-based research. As a result, they are well prepared to work as policy analysts who can design, monitor, and evaluate evidence-based policies for governments and organisations. They are equally suited for roles as consultants to international organisations, corporations, and not-for-profit institutions, contributing to strategic decision-making, policy design, and evaluation.

We are pleased that the students profiled here have made the most of our outstanding faculty, who have first-rate academic credentials and practical experience.

b. Message from ASSOCIATE DEANS (PLACEMENT AND INTERNSHIPS)

PRADEEP GUIN

**Professor and
Associate Dean
(Placement and Internship)**

TARUN ARORA

**Associate Professor and
Associate Dean
(Placement and Internship)**

It gives us immense pleasure to introduce the 2024–26 batch students from the Master's in Public Policy (MA PP) programme offered by the Jindal School of Government and Public Policy (JSGP), O. P. Jindal Global University.

The MA PP programme train students to excel in the field of policy analysis by exposing them to a balanced sets of core, elective and skill-based courses. Students are introduced to exploring local, national, and global policy issues by integrating theoretical concepts, practical applications, domain-specific probing, and field- and skill-based learnings. They are trained to appreciate the need for employing both qualitative and quantitative research designs as well as to use specific tools to communicate effectively with policy makers and influencers across the board. This cohort has undergone practical policy-related trainings in our in-house Jindal Policy Research Lab and through internships and Capstone projects across the country by engaging with public, private, non-governmental organisations, and several Members of the Indian Parliament.

We encourage you to browse through the course outline and student profiles. Our students come from varied backgrounds and with a diverse range of exposure and experience. We believe that they are raring to go to make a meaningful contribution in the areas of their interest. By applying their learnings and skillsets as demanded by any professional organisation, they are ready to contribute in their own ways to make the world around us a better place to be in.

03 About the MA PUBLIC POLICY PROGRAMME

JSGP is the first public policy school in India to offer a 2-year full-time MA in Public Policy (MA PP) programme. The MA PP programme offered by JSGP is an interdisciplinary programme that prepares students to navigate complex policy environments. This programme covers a broad range of contemporary political, economic and social issues and offers students a strong theoretical foundation and practical experience to address them.

The curriculum is designed to equip students with the necessary analytical and managerial skills required to be effective in the policy-making process. Graduates of MA PP can pursue a wide range of career paths in public service, non-profit organisations, and the private sector. Through a combination of rigorous coursework, hands-on experience, and exposure to the real-world policy-making process, students are prepared to become future policymakers and public leaders.

The programme also benefits from JGU's research-intensive environment and on-campus research centres, providing students with access to cutting-edge research and innovative ideas. Additionally, JSGP has established extensive academic networks and collaborative projects with top universities, including Oxford, Cambridge, Cornell, Harvard, Indiana, and Yale, enabling students to gain a global perspective on public policy issues.

Our proximity to New Delhi, allows students to interact with policymakers and implementers within the government, as well as with a host of experts from academia, NGOs, and industry. At JSGP, students have the unique opportunity to work on a Capstone project, which sets it apart from other public policy schools in India. The programme places students with reputable organisations, where they work on real-world projects under the guidance of mentors. This hands-on experience allows students to gain valuable insights into the development and policy sectors. In the past, several of our MA PP alum have converted their Capstone projects into a full-time employment offer

08 ALUMNI SPEAK

“

JSGP's Master of Arts in Public Policy (MAPP) course is an excellent choice for anyone looking to understand the intricacies and the process of policy-making. The interdisciplinary curriculum and the lectures by the experts helped me gain a comprehensive understanding of the social and political phenomenon and effectively advocate for policy solutions that I believe in. And most importantly, the faculty has been instrumental in shaping my career trajectory with their invaluable guidance, mentorship and networking with the right people for the right opportunities. For someone without any background in policy making, the course has equipped me with the necessary knowledge, experience and skills, make sense of despair, and celebrate success.

Jhalak Aggarwal, MAPP 2021

Research Analyst, Council on Energy, Environment and Water

”

“

The MAPP program at O.P. Jindal Global University was a truly enriching experience for me. What particularly stood out was the quality of the professors, whose depth of knowledge and engaging teaching methods made the learning process both rigorous and enjoyable. Paired with the university's world-class campus facilities, the program offered a highly rewarding academic journey that I would strongly recommend to prospective students.

Nihal Das, MAPP 2022

Senior Associate, BDO India

”

“

As we increasingly rely on AI for our everyday mental tasks, the ability to think critically, write clearly, and research rigorously feels more valuable than ever. My master's degree in public policy at Jindal played a catalyst in shaping the way I think, work, and approach the world. The program helped me develop structural thinking, practical problem-solving, research, critical thinking, and writing skills that continue to guide my career. I have applied these skills professionally while working in policy making, and in my current position at Gartner. The program gave me the opportunity to explore different internships, industries, and career paths, helping me understand where my strengths and interests aligned best. The program also honed my time management skills, pushed me beyond my comfort zone, and helped me refine my strengths and work on my weaknesses. My most valuable takeaway from the program were the professors. They were exceptional, approachable, supportive, and constantly encouraged me to become the best version of myself, both professionally and personally.

Rutba Aalee, MAPP 2024

Research Specialist, Gartner

”

“

My experience of pursuing MAPP came at an extraordinary time, as my batch completed its entire full-time masters' amidst the pandemic. The entire governance system of India and other countries became living illustrations in our classes, and the faculty deftly employed these examples to cement the concepts in our comprehension. In my opinion, the most significant aspect of the degree is its comprehensive assessment methods, which were emphatically selected by the course instructors. Through essays, reports and presentations, our academic prowess and real-world skills were both tested and enhanced. Lastly, my dissertation supervisor guided me through the entire process of writing and researching for the same, which has been crucial in my current journey as a Ph.D. scholar.

Pranav Joshi, MAPP 2022

Doctoral Scholar, King's College London

”

“

After a 13-year professional journey in marketing and impact development following my Business Administration bachelor's, I immersed myself in O.P. Jindal Global University's Master's in Public Policy programme. It structured my hands-on experiences into a robust academic framework, elevating my professional trajectory from practitioner to policy strategist. JGU's intimate student-teacher ratio fosters intense academic rigor. Faculty, accessible even after hours, deliver meticulously researched courses enriched with current examples. They ignite intellectual curiosity, urging students toward independent research. Coursework integrates individual tasks, group collaborations, and studies mimicking real-world demands. Courses from economics to sociology tackle today's policy challenges, cultivating well-rounded, citizen-focused policy experts.

Deepti Gulati, MAPP 2025

Programme Manager, Centre for Effective Governance of Indian States (CEGIS)

”

09 PLACEMENT PROCESS

How to Contact JSGP?

Jindal School of Government and Public Policy invites government agencies, international organisations, NGOs, think tanks, research institutions, consulting firms, CSR initiatives, social enterprises, and organisations working in the domain of public policy and economics for the placement cycle for the graduating batch of 2026.

We request recruiting organisations to get in touch with the placement committee at:

jsgp-placement@jgu.edu.in

You may also reach out to us over phone at +91-63506 49424 (Sana Syed)

Faculty placement coordinators:

1. Pradeep Guin (pguin@jgu.edu.in)
2. Tarun Arora (tarun.arora@jgu.edu.in)

Student placement coordinators:

- Agni Tejas (24jsgp-atejas@jgu.edu.in)

For this placement season, we suggest the recruiters to follow the below timeline:

1. Participate in a JGU-conducted hybrid open house in April 2026 onwards
2. Interviews can be conducted between April through June, 2026
3. Students would be available to join an employer from June, 2026 onwards

Open House:

At the commencement of the placement cycle, JSGP will be hosting a hybrid open house event. This serves as a platform for organisations to engage with students, offering insights into their projects, company culture, and recruitment procedures. Organisations are encouraged to actively participate in this event, conducting presentations, Q&A sessions, and networking opportunities.

Recruitment Process:

Organisations are expected to adhere to the following guidelines during the placement process:

- 1. Complete an online registration form to share your requirements and other details regarding the job.**
 - Job description
 - Location
 - Remuneration and incentives
 - Number of positions available
 - Other hiring process details (e.g., selection process)
- 2. We share the job details with students to gauge their interest in applying for the position.**
- 3. We share a list of candidates, along with their portfolios, with the recruiter within 2-3 working days.**

4. Recruitment mode and timeline

- Notify the Placement Committee in advance about the recruitment mode (tests, interviews, etc.).
- Decide a mutually acceptable timeline and interview slots.

5. Communication of Decision:

- Communicate the final decision to both the candidates and the Placement Committee within a specified timeframe that is mutually agreed upon.
- Share a list of wait-listed candidate, if any.

6. Appointment Letter

- Provide the appointment letter(s) to the selected candidate(s) within three weeks of declaring the initial decision.

7. Logistics

- Organisations can conduct telephonic or online interviews through video conferencing, if unable to be physically present.
- The dates for on-campus interview would be conveyed by the Placement Committee in due time.
- Kindly inform the Committee for preferred date and time slots.
