Regulators: Their Effectiveness

An Annual Report

Centre for Regulatory Governance, JGLS

Purpose & Framework

Purpose : Deepen the study on Indian Statutory Regulatory Authorities (SRAs) to enhance public involvement and support

Framework: Scalable as a global index, especially⁷ for nations of the Global South

Periodicity: Annual

Target Audience: Policymakers, business and investors (global and domestic), and the larger citizenship interested in India's regulatory framework

Global Regulatory Framework

Global frameworks or indicators evaluate regulatory impact on economic environments

List sample frameworks:

[US MCC – Regulatory Quality Indicator](#)

[OECD – Regulatory Impact Assessment \(RIA\) \(Network of Economic Regulators\)](#)

[IMD Lausanne – World Competitiveness Report](#)

[Innovate UK – Global Regulation Index](#)

[Cicero Institute – National Regulatory Reform Ranking](#)

Development Plan & Key Considerations

- SRA's Trust: Establish confidence with SRAs for cooperation-outreach and stakeholder meetings
- Industry Input: Collaboration with industry chambers and stakeholders
- Data Sources: Access to private and public data is crucial
- Focus: Initial focus on central-level SRAs; possible inclusion of country studies/thematic annual pivots
- Non-Ranking: The report will not rank SRAs due to their diverse mandates

National Workshop
on
KOHA: Implementation and RFID Technology Integration
24 - 25 January, 2019

Organized by
Consortium of Private Academic Libraries in India (COPAL)

Outreach Activities

About the Workshop

The two-day workshop is aimed at equipping working library professionals automating library processes using the open-source software KOHA. KOHA is one of most widely used system in the world for its easy implementation without limitation to library size, and strong development support. It addresses almost entire gambit of the library processes such as Patron management, Serials, Circulation, Administration, Reserves Acquisitions, Stock Inventory, OPAC, Authorities Control, Reports, Cataloging, Search, Branch Relationship etc. Koha is based on International library standards and protocols (such as MARC21, Z39.50 etc.) that ensures that Koha data can be exchanged between similar ILMSs. & any other library management system. More details about KOHA can be found at www.koha.org.
