# O.P. JINDAL GLOBAL UNIVERSITY @ A GLANCE

O.P. Jindal Global University (JGU) is a non-profit global university established by the Government of Haryana and recognised by the University Grants Commission (UGC). JGU was established as a philanthropic initiative of its Founding Chancellor, Mr. Naveen Jindal in memory of his father, Mr. O.P. Jindal. JGU is one of the few universities in Asia that maintains a 1:10 faculty-student ratio and appoints faculty members from India and different parts of the world with outstanding academic qualifications and experience. JGU is a research intensive university, which is deeply committed to its core institutional values of interdisciplinary and innovative pedagogy; pluralism and rigorous scholarship; and globalism and international engagement.

JGU has established eight schools: Jindal Global Law School (JGLS), Jindal Global Business School (JGBS); Jindal School of International Affairs (JSIA); Jindal School of Government and Public Policy (JSGP); Jindal School of Liberal Arts & Humanities (JSLH); Jindal School of Journalism & Communication (JSJC); Jindal School of Art & Architecture (JSAA) and Jindal School of Banking & Finance (JSBF). JGU has been granted with "Autonomy" by the University Grants Commission and the Ministry of Human Resource Development, Government of India, for receiving the "A" Grade from the National Assessment and Accreditation Council (NAAC). This makes JGU the only private university in the state of Haryana and one of the only two private universities in India to be given the status of autonomy.

JGU has made history by breaking into the QS World University Rankings 2020. We are also the only Indian private university in the top 150 'young' universities in the world (under 50 years of age) in the QS Young University Rankings 2020. JGU is the youngest University in the world to feature in both these rankings. In September 2019, JGU was selected as an 'Institution of Eminence' (IOE) by the Government of India, making JGU one of only eight private universities in India to be awarded this status.

**Director - Admissions and Outreach**

At O.P.Jindal Global University, world-class does not merely signify that we have a global faculty, global curriculum, and excellent infrastructure. Neither does it just mean that we rank in the top 800 of the QS World University Rankings and nor does it mean that we have been recognised as an Institution of Eminence.

For us, being world-class means that we remain connected to our roots, while we allow our eyes, mind, and heart to be open to all that the world has offer. It means imbuing our students with lifelong learning skills for taking on the world as it is. A world that requires people to think quickly, critically, and creatively.

Across our six postgraduate programmes and a university-wide doctoral programme across eight schools, our students are encouraged to develop a sense of curiosity, openness and self-reflection, to take up social and civic responsibilities, to respect diversity of societies and cultures, while adhering to the highest standards of ethical behaviour.

Our students are also engaged beyond the classroom -making a difference to the local community, engaging in sports, taking part in intellectually stimulating debates, discussions and seminars, volunteering and speaking at conferences, acting and producing plays and musicals, organizing cultural festivals and much more.

A holistic and inter-disciplinary education is the need of the hour and at JGU, we encourage students to dream big and find ways to make those dreams a reality.

I hope that you will make the best use of this opportunity to study at India's First Multidisciplinary Global University. The JGU admissions and outreach office and I welcome you to meet our students and staff and to experience the vibrant campus life.

Welcome to JGU.

## MA DIPLOMACY, LAW & BUSINESS

The M.A. (DLB) programme has been designed as India's first inter-disciplinary social science degree that trains students for international careers and advanced learning in world affairs.

The degree is intended to be neither a totally academic nor a fully vocational one. It stresses theoretical research but insists on relating it to empirically rich phenomena from the social world. Unlike mainstream Masters programmes in International Relations, which are loaded in favour of theoretical research or 'professional' course work and internships, MA DLB strikes a balance between the two and requires students to be versed in both domains.

A number of core and elective courses in this programme's curriculum have research essay assignments, which are expected to be at the frontier of ongoing scholarly debates and simultaneously accessible to policymakers in India and abroad.

### Distinctive Features

- Partnerships with the best educational establishments around the world.
- Inter-disciplinary courses to train students in emerging areas of global policy studies.
- Internationally qualified teaching and research faculty from top universities of the world.
- Experiential learning facilitated via field trips, internships, scenario building exercises, research papers and interactive learning sessions.
- International student and faculty exchange programmes.
- Globally networked 'Future Diplomats Development Programme'.
- Regular public lecture series- seminars, symposiums and workshops engaging eminent scholars from around the world.
- Option to learn a foreign language. choose among Mandarin Chinese, Spanish, French, Arabic, Persian/ Dari or German.

Course Duration: **2 Years**

Programme Fee: ₹ **3,00,000/-** Per Year

# MA ECONOMICS

The programme is designed to equip students with a solid grasp of classical paradigms in this well-established discipline, creatively combining orthodox and heterodox approaches. The course aims to provide insights to solve problems experienced by economies in the real world. Through realistic applications it fills major gaps in most post-graduate Economics courses taught elsewhere in the world by allowing students to experience the actual policy making process.

It also imparts required knowledge and skills that will increasingly be in demand in the foreseeable future, focussing on excellence in academia, policy teams in corporations, consultancy companies, non-profit organisations, and governments at national, state and local levels.

## Distinctive Features

- Internationally qualified faculty from the best universities around the world.
- Focus on worldwide issues related to economics and business, to help students in developing analytical and problem solving skills.
- Wide variety of elective courses and specializations.
- Research centres aimed to generate ideas, and knowledge about practices of democratized development, across nations.
- 'Study Abroad' opportunities through summer and winter schools and semester exchange programmes.
- Internships that expose students to the environment of organizations.
- International alliances building a global network through International Development and Public Policy Alliance (IDPPA) and International Public Policy Association.
