Story of Israel: 'A Nation that Dwells Alone'

ISRAEL INSTITUTE

Jindal School of International Affairs
India's First Global Policy School

[O.P. Jindal Global University, Sonipat, Haryana, India](#)

The workshop explores the story of Israel's vibrant society, foreign policy, and its successes and failures after 75 years of its establishment. Israel, India's sister democracy, is a relevant case study regarding the nuances of nation-building and people's struggle for democratic aspirations in post-colonial Asia. Israel, much like India, presents fascinating, complex debates between war and peace, nationalism and universalism, religion and state, and capitalism and welfare, which makes this workshop even more important for our times.
