

## *Call for Research Internship*

CRAFT & Law has an ambitious mandate to engage with new and emerging questions in digital technology that lie at the intersection of law, policy, and finance. Over the next few months, we plan to tackle a number of issues. Foremost among them will be to address the new Intermediaries Guidelines and OTT Rules. Other issues may include MEITY's draft national strategy on blockchain, the Labour Ministry's proposed rules that give benefits to platform workers, and NITI Ayog's draft paper on Responsible AI for All.

We are looking to hire committed penultimate (if in the 5 year degree program) and final year (for both the 3 years and 5 years degree program) law students at JGLS as research interns. The internship duration will initially be for one month starting April 12, with the possibility of extensions subject to mutual consent. Interns will be expected to work closely with the Centre's members and conduct factual, legal, technical, and policy research on the Centre's areas of focus. Interns may be remunerated at a fixed rate as per JGU policy.

To apply, please send an internship application to [craftlaw\[at\]jgu\[dot\]edu\[dot\]in](mailto:craftlaw[at]jgu[dot]edu[dot]in) with the subject line "Internship Application – April 2021". Your application must address the following questions:

- Why do you want to apply? And what do you hope to take away from your internship? (upto 250 words)
- Have you done any technology or policy related work in the past? (100 words)
- We are committed to diversity, inclusion, and representation of underrepresented groups. How will your selection deepen that? (100 words)
- Have you received any scholarship from JGU? (This question is purely for administrative purposes).

Apart from addressing these questions, please also attach your CV (upto 2 pages) and a writing sample of upto 1000 words. The deadline for applications is April 1, 2021.

For any requires, please send an email to [craflaw\[at\]jgu\[dot\]edu\[dot\]in](mailto:craflaw@jgu.edu.in).
