# JSBF WEBINAR LECTURE

## INTRODUCTION TO DATA SCIENCE

*"Data science is an inter-disciplinary field that uses scientific methods, processes, algorithms and systems to extract knowledge and insights from many structural and unstructured data. Data science is related to data mining, deep learning and big data." (Wikipedia).* Data science is a cross-disciplinary practice that draws on methods from data engineering, descriptive statistics, data mining, machine learning, and predictive analytics. The lecture will provide a brief introduction to data science applied to business analytics and its key components along with a quick overview on R for statistical learning.
